

EUCAP Insurance Crisis Grassroots Network

As you know, NJPA is actively moving forward, both from a legal and from a public relations perspective, to address the current Crisis in Mental Health Insurance.

NJPA Past-President Phyllis Lakin and the Insurance Crisis Steering Committee has asked each Affiliate organization to become more actively involved in the advocacy efforts of the NJPA Project on the Crisis in Mental Health Insurance.

And so I am excited to announce that EUCAP has established an **Insurance Crisis Grassroots Network** and that EUCAP Board Member **Stanley Moldawsky, Ph.D. will be EUCAP's Insurance Crisis Grassroots Network Liaison.**

Members of the Insurance Crisis Grassroots Network will work with Stan to contact all psychologists in Essex and Union counties, regardless of whether they are EUCAP members, for email and letter-writing campaigns and for fund-raising efforts.

I am asking each of you to become an active participant in EUCAP's Insurance Crisis Grassroots Network. It is crucial that all of you become involved in this pivotal advocacy effort so that we can speak as one voice to protect the rights of our patients and to preserve our autonomy as professionals.

Please contact Stan Moldawsky at smoldawsky1@verizon.net to find out how you can become a member of EUCAP's Insurance Crisis Grassroots Network. And as always feel free to contact me at jzoppi1@hotmail.com if you have any questions or concerns.

Regards,
Jeannine Zoppi, Ph.D.
EUCAP President
